8:00 a.m. - WAAE Safety Committee Meeting - **Pointer Room**

9:00 a.m. - Advisor Workshop - **Expo 1 and 2**

**SAE for All – Glenda Crook, Jamie Propson, Kaleb Santy, Mary Handrich and Jeff Hicken**

Supervised Agricultural Experience or SAE is a key component in the three-circle model of Agricultural Education. An SAE provides your students individualized opportunities to learn and develop real-world skills outside of the classroom beyond the school day. The goal is that every student in every agricultural education classroom has this experience, which leads to SAE for All. During this session learn from others on how they have incorporated SAEs for all students. Discuss the value and how to get students started so all your enrolled students have an SAE. Learn new ways to integrate SAE into your classroom and how you can manage this important circle of the Agricultural Education Model.

9:00 a.m. - State FFA Alumni Convention Committee Meeting - **Bayba Board Room**
