A LITTLE BIT ABOUT THE UPCOMING EVENTS

212/ Edge

212° - the temperature at which water boils - will focus on taking students to the boiling point of leadership. At 211° water is extremely hot, but just one more degree gets us to the next level. These conferences focus on student development. Students will be challenged to push the limits. Themes for this conference include: Virtues. “THE ATTITUDE EXPERIENCE” EDGE material is geared toward 7th and 8th grade FFA members.

Career Development Events

A Career Development Event (CDE) is basically a contest, based on current industry standards, where FFA members can demonstrate the knowledge and skills gained from 1) classroom instruction, 2) their SAE and 3) FFA activities.

National FFA Week

This year National FFA week runs from February 18 - 24. This is the time to teach your schools and communities what FFA and Agriculture is all about.

Winter Review

Halftime Conference

This January during our 2018 Halftime Conference our theme was Setting the Stage. We worked on teaching members to Set the Stage before each event and how to continue energy throughout the second half of the year. Members also participated in a few different round tables, to share ideas and learn some new information.

CTSO Day

Career and Technical Student Organizations day was held on February 8th in Madison. On this day there was many different CTSO's in the capital. We were able to go and educate Senators and Representatives and our experience in our CTSO.

Farm Forum

Farm Forum was held February 16-17 in Wisconsin Rapids. This Convention is a very unique one for our organization. We got a chance to learn a lot about agriculture and what the Farm Bureau has to offer our members now and after high school.

State FFA Alumni Convention

State FFA Alumni Convention was held on February 9-10 in Appleton. At this convention my team was able to visit local farm tours in the Appleton area. At these tours we were able to learn about Robotic Milkers and one of the Milk Source farms. We also had the chance to work with and meet many different Alumni Members during this amazing weekend.
