

How to Pledge

Go online to: <http://www.wisconsinffa.org/pledge.php>

Pledging is an essential component of the *Blue and Gold Go Green* initiative. Pledging will ensure that the Wisconsin Association of FFA will meet our goal of 80,000 trees planted by May 13. Remember that the pledge should include all trees planted between June 13, 2008 and May 13, 2009.

Fill out the online form at the link listed above and your pledge will be automatically submitted.

Also available online will be an updated listing of all chapter names and pledged amounts. We challenge your chapter to out pledge fellow chapters. Feel free to update your pledge amount by emailing - bchrisler@wisconsinffa.org

Don't Delay, Pledge Today!
All pledges due by March 9, 2009.
